

Proudly Supporting Australian Pharmacy for Over 25 Years Used Worldwide in More Than 3000 Sites

Welcome to New Users

A very warm welcome to this month's new PharmacyPro customers.

New to PharmacyPro this Month

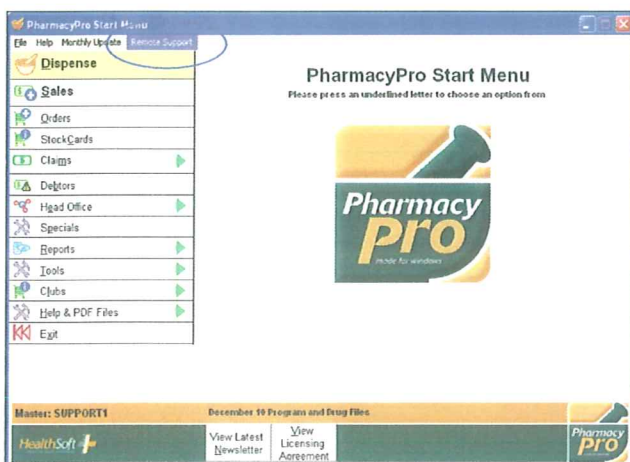

DISPENSE

Nurse and Midwife Practitioners' TPX and Doctors' Bag items, will now only show on "Nurse" and "Midwife" lookup.

Start Menu

"Remote Support" has been added to the top menu.

Update

When running an update a progress bar will show to indicate that something is happening.

A note will also show stating "The progress bar above is indicative only. If you'd like an accurate progress of the download, click on the black Aria screen on your task bar."

Safety Net Rollover in 2011

On 1 January 2011 all exempted patients will change back to their original patient categories. PharmacyPro will automatically do this for you when it is started in the new year.

If for some reason this hasn't happened, you can go to the PharmacyPro Main Menu and select Tools, Utilities, Patient Utilities, then SafetyNet Rollover.

To access SafetyNet information from the previous year after the rollover, go to the PharmacyPro Start Menu and select Reports, Patient Reports, then 'SNetNo From Last Year'. (Go to Edit + Find. Type in a patient's name to find the 2010 entitlement or SN #.)

Order Pfizer via DHL Direct & PharmX

Very soon you will be able to order Pfizer products directly via DHL Direct and the PharmX gateway.

All pharmacies wishing to trade with Pfizer need to register with a new Pfizer website, www.pfizerdirect.com.au. This will initiate a process allowing you to trade with Pfizer via DHL Direct and the PharmX gateway. To download the Pfizer codes to PharmacyPro, go to Tools – Supplier Update and use the new "Pfizer" supplier.

Did You Know?

Quick Way to Edit a Script

From the 'New Script' or 'Edit Script' button, type in the script number with E in front of it, ie. EXXXXX where XXXXX is the script number. This will take you directly to the script.

Check your eScript Report

Go into Claims, select the PBS Online tab, then select eScript Incentive Report. Choose the Claim Period and press OK.
