

*Proudly Supporting Australian Pharmacy For Over 25 Years    Used Worldwide In More Than 3000 Sites*

**Welcome to New Users**

A very warm welcome to this month's new PharmacyPro customers.

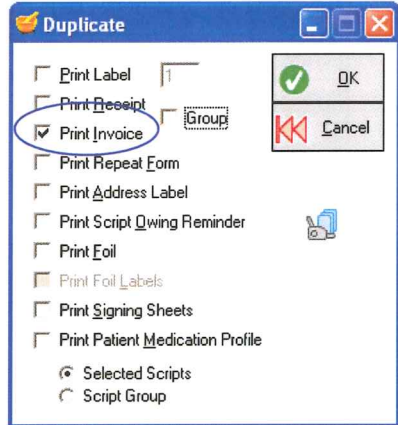

**New to PharmacyPro this Month**

**DISPENSE  
MIMS**

Please contact us on 1800 88 7610 if you would like to subscribe to MIMS integrated in PharmacyPro.

**'PRINT DUPLICATE' SCREEN**

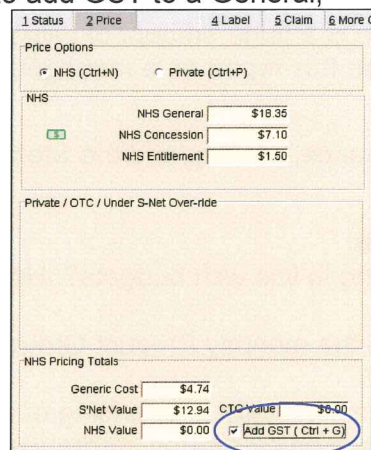

The Print Duplicate screen now has a 'Print Invoice' option.

**NEW OPTION TO ADD GST TO SCRIPT(S)**

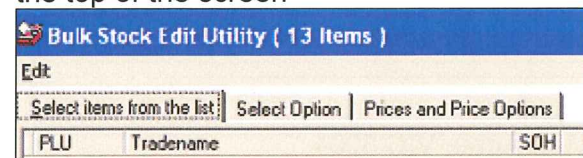

There is an option to add GST to a General, OTC or private script.

Select 'Add GST' (or Ctrl G) on the Price tab. The GST will show up on the receipt, invoice or account if charged to an account.

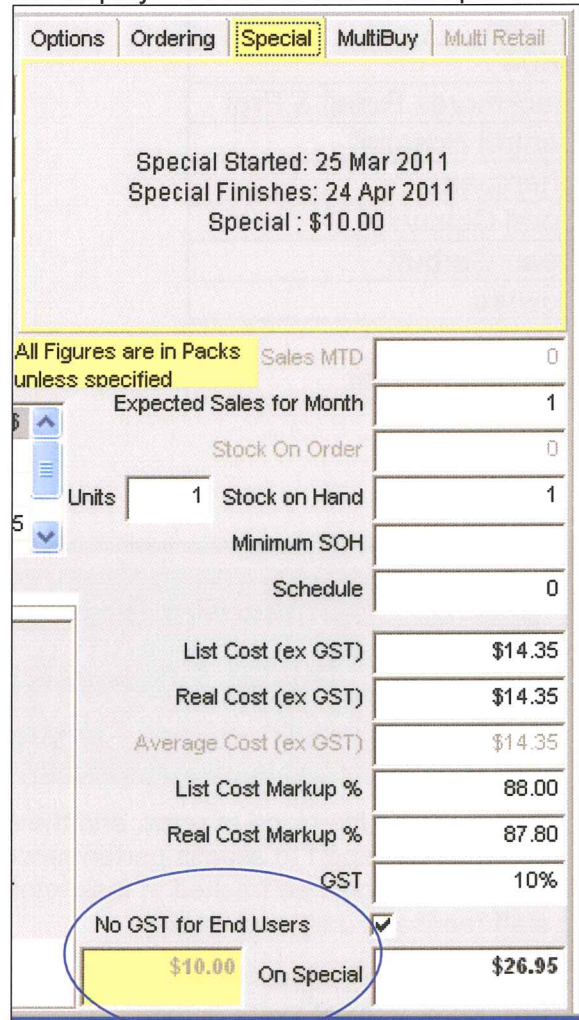

**BULK STOCK EDIT**

The total number of stockcards available to bulk stock edit is indicated on the blue bar at the top of the screen

**STOCKCARDS**

If a product is on special, the special retail price will display next to the usual retail price

**SPECIALS**

There is a new tick box to display the Stock Real Cost on the special screen, rather than the List Cost.

## ORDERS

The size of the rows has been increased so the values are clearer.

Sanofi-Aventis
Searcy
She
SSS April 25 POS
Tony Ferguson

## *PharmacyPro* Business Reports ... Your Tools to Business

Report: **Product Group Report**

Recommended Frequency: **MONTHLY** (at least)

Importance: **HIGH**

Sales are the life blood of retail, and the *PharmacyPro* Product Group Report should be a cornerstone report to assess performance. There is a huge amount of valuable information in this report that should be tracked at least monthly. Use this report as a management tool monthly, or for staff feedback daily and weekly.

Monitoring of Product Group SoH, Sales Performance, Markup and the Stock Turn indicator make this report a **must** every month.

Benefits of the Product Group Report to your store:

- 1) **Monitor changes in stock levels.** Is purchasing in line with budgets? Has the cash in the bank been invested in new stock lines?
- 2) **Track Overall Product Group Sales.** How do the monthly Product Group totals compare to last month and to the same month last year?
- 3) **Monitor Product Group Markups.** Changes can indicate poor pricing or excess discounts.
- 4) **Stock Turn Per Year.** An indicator of poor performing groups, or groups that may be understocked
