

Proudly Supporting Australian Pharmacy For Over 25 Years    Used Worldwide In More Than 3000 Sites

## Welcome to New Users

A very warm welcome to this month's new PharmacyPro customers. We're delighted to have you join us.

## New to PharmacyPro this Month

### DISPENSE

#### \$0.15 ELECTRONIC PRESCRIPTION FEE

PharmacyPro successfully passed \$0.15 Electronic Prescription Fee Integration Testing. This development is in this month's update, though most Dispense sites will have already received it.

From 1 July, the Electronic Prescription Fee will be claimed automatically from PharmacyPro. Two additional fields have been introduced on the Claim Tab in the Script Screen: 'ePrescriptionID(PES)' and 'ePrescriptionFlag'.

The eScript Fee Amount can be found on the 'More Claim' tab in the Script screen once an ePrescription has been claimed.

The Electronic Prescription Fee report is under Claims, CTS/PBSOnline Claims, eScripts Incentive Report.

### INACTIVE CLIENTS

An inactive client button for deceased and inactive patients has been added. In the patient search, such patients will appear in red and repeats will be disabled.

### SCHEDULE REPORT

A script count has been added to the top of the screen. It will only display scripts dispensed with S3 Recordable (F7) in Dispense.

### CLAIMS

Online Fee, Dispense Fee and eScript Fee have now been added to the PBS Statement Report:

Script Num	Script Num	NDC Code	Brand	Date Disp	Online Fee	Disp Fee	eScri Fee	Amount Claimed	Amount Paid	Variance	Payment Num	Bank Ref Num	Curr

### ORDERS

There is a new 'Scan to Deliver' button in invoices. This will allow users to scan each of the products to deliver into stock. After scanning the stock, the next screen will show the cost values and the quantity to deliver, as below.

Scan to Deliver

<b>Ordered</b>	3

### Sanofi-Aventis

Sanofi Aventis have recently added enteric-coated Actonel tablets in three different presentations. Please note the following:

1. Actonel EC can be taken **with or without food**.
2. They should be **swallowed whole**, with plain water, while the patient is in an upright position.
3. Patient should **avoid lying down for 30 minutes** after taking medication.

Appropriate C&A notes have been added to the three stockcards.
